

# WELCOME TO MOLES MUSIC CAFÉ

You might think it'd be easy with a menu like ours to go basic on the ingredients. Runny ketchup. Cheaper meats. Flippant fishing. We may be offering an unfussy menu, but we're absolutely committed to ensuring we don't cut corners. We love our food and want you to love it too. That means sourcing great quality products where others may chose to use cheaper alternatives.

Our meat is provided by **Bartletts Butchers** in Bath. So, the burgers are handmade by our cooks from mince from Lackham Farm in Wiltshire. The meat for all the sausages and ham is free range from Gloucestershire, and the bacon is from the Midland Bacon company using British meat.

Our Pies are from multi award winning **Pieminister Pies** in Bristol who insist on using free range, British meat with no additives or preservatives.

Our fish is ethically and sustainably sourced.

Our coffee is **Organic, Fair Trade and Rainforest Alliance**.  
Our milk is from British Farms.

All of our cakes are baked by hand from **The Handmade Cake Company** at their own bakery using only natural ingredients. So there are no artificial preservatives, flavourings or colours and no hydrogenated fats.

We've stayed local for our other bits too. Our bread is from **Bath Bakery** and our ice-cream is from **Marshfield Farm** which is organic and also free from all artificial ingredients.

And we haven't stopped there.  
You'll tuck into.....

Heinz Baked Beans  
Heinz Tomato Ketchup  
Real HP Sauce  
Free Range Eggs  
Dolphin Friendly Tuna  
Branston Pickle
